Thank you for purchasing the ProMediaGear #PM501 Manfrotto 501PL Compatible Plate with Arca-Swiss Clamp Built-in.

The #PM501 Plate is a game changer for DSLR Videographers that shoot using the Manfrotto 501PL compatible video equipment. Our #PM501 plate allows you to lock an Arca-Swiss compatible plate onto the popular Manfrotto Type heads without requiring additional clamps or swapping between plates! The #PM501 plate also features our SS2 Quick Release Strap Adapter Port which locks in strong and removes with ease.

Compatible with VRC1 Video Cage and other Arca-Type Plates

SS2 Quick Release Strap Adapter * Additional Accessories Shown
